

# Story Frame

## Purpose:

- To help the reader organizer and examine the logical progression and sequence of events in a story.

## Strategy Procedures:

- Present the story frame to students before reading the story
- Read the frame with learners, noting the blank spaces they are supposed to complete
- Ask students to read the story.
- Ask students to complete the story frame independently, using information from the story.

## Materials:

- Possibly a graphic organizer to aid students with the logical progression of a story.

- In this story, the problem starts when \_\_\_\_\_

- After that \_\_\_\_\_

- Next, \_\_\_\_\_

- Then, \_\_\_\_\_

- The problem is finally solved when \_\_\_\_\_

- The story ends with \_\_\_\_\_
