select youth

Activities.....Fun..... Community Adventure

all built around the theme of leadership.

Youth with disabilities will have the opportunity to learn self-determination, empowerment, and leadership skills. These are skills that affect their every day life when transitioning from youth hood to adult hood; and promote the inclusion of youth into all aspects of their community and society.

The youth leadership program will provide youth with disabilities a safe, accessible and structured environment in which they feel comfortable, valued, and challenged to reach their potential.
