

## Learn How to Effectively Type or Improve Your Keyboarding Skills

<https://www.typing.com/> is a free software program that LHSD utilizes to help students. One of the best lifelong skills that students can take away is effective keyboarding skills. This skill transcends into so many current careers.

Since it is free, any student can log in by accessing the link above or going into their CLEVER account through their chromebook and clicking on the typing.com icon. If you have any trouble accessing typing.com, please contact your building principal.
