

AFTER YOU WIN A SCHOLARSHIP

ACCEPT

Be sure you know what the organization's deadline is for acceptance/denial, as well as their preference is for that communication.

CONFIRM

An external organization may need you to confirm your college's information. They may also request acceptance letters or enrollment statements.

THANK

Don't forget your benefactor! They hand picked you for this scholarship. Send them a hand-written, thoughtful note thanking them for this honor.

REPORT

You will need to report this win to your college so they can adjust your financial aid package. This process can be found on the school's website.
