

# TAKE THE FIRST STEP.

Earn College Credits While in High School.

As a high school or homeschooled student in the 10th-12th grade, you can enroll in West Virginia University courses to earn credits toward your college degree. With the HIGH SCHOOL ACCESS Early College Program at WVU, you can choose to enroll in college courses completely online, onsite in participating high schools or on WVU's main campus.

## Why Should I Enroll in High School ACCESS Courses?

- ✓ AP credits and previous dual enrollment courses can be used as prerequisite requirements with official transferrable scores or grades.
- ✓ Courses are offered to eligible students across the country.
- ✓ Students can design a personalized pathway toward their college majors.
- ✓ Students will learn to be successful in high-quality college-level courses.
- ✓ Online courses provide flexible options for completing coursework anywhere in the world.
- ✓ WVU holds regional and many specialized accreditations, so your credits may transfer to many colleges and universities nationally and internationally.

## Am I Eligible?

You can apply to the WVU High School ACCESS Program if you have a 3.0 GPA or higher. We encourage ALL eligible students to apply from our website using Steps 1 and 2 to be officially admitted each academic term.

## What Are the Costs?

WVU courses are offered to high school students, regardless of location, at a special reduced tuition of only \$25/per credit hour.

## What Courses Are Available?

High School ACCESS students may take non-restricted courses between 100 and 299 level and ranging from one to four credit hours each. Students may take courses all year around until they graduate from high school.
