

LHSD College Credits While in High School

The high school currently offers opportunities for students to earn college credits while in high school. **There are three types of dual enrollment opportunities available:**

1. *Advanced Placement (AP) taught by LH teachers---our classes, but college approved,*
2. *On-site / Dual Enrollment courses, where students attend the college/university (on-campus, online, or after school at the high school), or*
3. *College in High School, several LH teachers are approved/certified to teach college-level courses during the day and students can choose to earn college credits.*

Currently, the district is reimbursing a small amount of the cost for students as long as they earn a “C” or higher in the course. The district negotiated a lower tuition price and is offering the reimbursement as a way for students to have advanced standing in college before they leave high school and for parents to save money. For additional information, please see the attached offerings or speak to your child’s guidance counselor.

***Tuition, Fees, and Reimbursements are subject to change. Students / Parents will receive the reimbursement at the end of the school year only after completion of the course with a “C” or higher.*
