

LHSD College Credits While in High School

The Laurel Highlands High School currently offers opportunities for students to earn college credits while in high school. There are three types of dual enrollment opportunities available:

1. Advanced Placement (AP) taught by LH teachers; our classes, college approved
2. On-site/Dual Enrollment courses, where students attend the college/university (on-campus, online, or after school at the High School)
3. College in High School, several LH teachers are approved/certified to teach college-level courses during the day, and students can choose to earn college credits.

Current College in High School Opportunities

- **University of Pittsburgh:** AP US Gov/Politics, AP Calculus, AP Statistics, and AP Physics
- **WCCC:** Honors Financial Accounting II, AP Psychology, AP Hum. Geography, AP Biology, AP Calculus, AP Chemistry, and AP US History

- **Seton Hill University:** On-campus or Online Fall/Spring
- **Laurel Business Institute / LBI:** On-campus only/*Early Release Required*
- **West Virginia University:** Online/On-Campus
- **Arizona State University:** Online

Currently, the district is reimbursing a small amount of the cost for students as long as they earn a "C" or higher in the course. The district negotiated a lower tuition price and is offering the reimbursement as a way for students to have advanced standing in college before they leave high school and for parents to save money. For additional information, please see the attached offerings or speak to your child's guidance counselor.

***Tuition, Fees, and Reimbursements are subject to change. Students / Parents will receive the reimbursement only after completion of the course with a "C" or higher.*
